Harry Potter Potions: KEY

Vinegar = basilisk venom

Baking soda = crushed dragon bones

Hydrogen peroxide = wolfsbane

Dish soap = worm guts

Food coloring = dragon blood

Any spice = gillyweed

Glitter = unicorn horn powder

Yeast = dream fluid

Pretzels = mandrake root

Any small and round food = bat dung, eyeballs from a blind cat

Go to a beauty supply store to get the hydrogen peroxide that hairdressers use – it will make the experiment (Elephant Toothpaste) WAY cool!!

Use sunglasses or science goggles while you do the experiments for safety.
